held on 11th November 2020

Trainer: Eleonora Pessina

Duration: 60 minutes

Language: British English

Summary:

With the shift to more online teaching, when in-person contact time is no longer guaranteed, it can be hard to maintain a confident, consistent understanding of your students' skills. This session will examine how the Level and Benchmark tests give you flexibility and peace of mind in a changing world, and the reliable data you need to guide your students to proficiency.
