completed

***Identifying and targeting skills gaps
in adult learners by combining your
ELT course with assessment***

held on 10th November 2020

Trainer: Eleonora Pessina & Imogen Wyllie

Duration: 60 minutes

Language: British English

Summary:

This session will show how Pearson English courses and assessments work together, within the framework of the Global Scale of English, to create a purposeful, well-structured educational experience. Taking Roadmap and the Benchmark Test as examples, we will study the differences, connection and interplay between course, course-based assessment and proficiency assessment for adult learners. The session aims to give teachers practical advice on how to structure their end-to-end teaching programme - identifying and addressing skills gaps and monitoring progress throughout.
